EXECUTIVE DIRECTOR’S MESSAGE

As the Executive Director of the Police Athletic League of Buffalo, I encourage you to visit our website at buffalopal.com. We are continuously updating the site to make it easier for you to access PAL information and to contact us about specific programs as we continue to expand our programming to include many new educational, cultural, self-esteem building, and health related activities.

PAL provides a variety of youth programming throughout the year. For your convenience, you can register your youth for fall, spring, winter and summer programs, as well as clinics, by going to our website at buffalopal.com. Some of our summer programs include our popular baseball and basketball leagues. We also operate our Love to Serve tennis program, year-round boxing and a variety of clinics such as free golf and an annual Kids Race. Most of our programs are free, with little to no cost for families. PAL programs are fun and enriching for youth between the ages of 6 to 18 years old. We look forward to your participation in our PAL programs as we continue to expand our community collaborations.
The PAL Enrichment Programs are new and existing initiatives delivered at each of the seven city-owned community centers in partnership with City Parks and Recreation Staff and other community-based service providers in which youth are exposed to quality educational, cultural, fitness, health and wellness, mentoring, and prevention programming. To the extent possible, PAL activities involve participation with law enforcement officials.

### SCOUTING

In partnership with the Girl & Boy Scouts of Western New York and Niagara Frontier Council, PAL offers scouting troops at each of the City’s seven Community Centers.

### SCIENCE IN THE CENTERS

Engineering for Kids in Partnership with Buffalo PAL brings science, technology, engineering, and math (STEM), to youth ranging from 4 to 14 years old & offered throughout the seven Community Centers.

### COMPUTERS IN THE CENTERS

Buffalo PAL in partnership with Computers for Children. CFC believes in providing an equal opportunity for all children, helping to level the playing field in information technology.

### SPORTS

PAL Sports programs are year-round and offer a variety of options for children of all ages.
