

Building Stronger Communities...One Life at a Time

About

“The MolinaCares Accord” will channel investment into solving the many gaps that exist in health care today, particularly for the disadvantaged populations that Molina Healthcare serves. Investments will be aligned with state-specific needs through local chapters.

Goals

MolinaCares will focus on addressing the following:

- racial disparities in the access to, and delivery of, care
- social determinants of health
- opioid use disorder and substance abuse
- rural access to health care
- health care for the elderly, infirmed and frail
- other health care issues impacted by socioeconomic disparities

Funding

MolinaCares will have initial funding of \$150 million and ongoing annual funding commitments from Molina Healthcare.
